In re Application of: NOTTE : DECISION ON PETITION  
U.S. Application No.: 10/534,306 :  
PCT No.: PCT/EP03/12170 :  
International Filing Date: 30 October 2003 :  
Priority Date: 07 November 2002 :  
Attorney's Docket No.: 05124-PCT-PA :  
For: HEAT TRANSFER FLUIDS FOR APPLICATION :  
OVER A BROAD RANGE OF TEMPERATURES :

This decision is in response to applicant's petition filed with the United States Patent and Trademark Office (USPTO) on 30 January 2006. The petition is **GRANTED**.

On 09 May 2005, you filed in the USPTO papers requesting entry into the national phase of international application PCT/EP03/12170, filed 30 October 2003, entitled HEAT TRANSFER FLUIDS FOR APPLICATION OVER A BROAD RANGE OF TEMPERATURES. As detailed in the present petition, a different attorney has filed separate papers requesting entry into the national phase of international application PCT/EP03/12170. There can only be one U.S. national stage application for a given PCT international application. Thus, the filing of two national stage applications is improper.

As the inventor has filed separate papers requesting entry into the national phase of international application PCT/EP03/12170, it is proper to grant counsel's request to have the present application canceled. The US application number assigned to the application filed 06 May 2005 is 10/534,086. The papers that you filed on 09 May 2005 have been placed in application number 10/534,086. Since applicants have selected alternative representation for the prosecution of this application, no further communications with respect to this application will be mailed to you.

The fees paid on 09 May 2005 will be refunded to Deposit Account No.: 02-2839.
